

$\text{app } x, x$

A diagram illustrating the application of a function to itself. At the top, a box contains the expression  $\text{app } x, x$ . A vertical line extends upwards from the top center of this box. Two curved lines originate from the bottom corners of the  $\text{app } x, x$  box. The left curved line connects to the top of a box containing  $F(f)$ . The right curved line extends downwards and to the right, ending near the bottom of the page. Below the  $F(f)$  box, a vertical line connects to the top of a box containing  $\psi$ .

$F(f)$

$\psi$
